I believe that the dietary supplements section of your store would be improved by the addition of a great new product called Diet Dots™. Diet Dots™ are a convenient, tasty way to promote healthy weight loss.

Diet Dots™ help curb the urge to overeat, boost metabolism, support the body's energy production, and can be taken anywhere, anytime. Diet Dots™ contain no caffeine and no sugar, which means no "crash" after using them.

You can get more information at [www.DietDots.net](http://www.DietDots.net) or by calling 1-888-333-4256 ext. 101. Please consider adding this product to your store.
